

# Hello

## I'm Lazar Zivanovic

Serdar Janka Vukotica 24,  
Belgrade 11090, Serbia

## Skills

My skills are copywriting and content writing. I hone these skills every day, and even when it seems impossible, I strive for perfection. This is the choice I've made—I want to be a full-time copywriter, build a career in copywriting, and make a living from it. It would also be a pleasure to work on big projects and be a part of history!

## Experience

My experience comes from various projects, as I am generally a freelancer. So far, I haven't worked full-time for any company or similar organization, but I have been involved in many projects and have created numerous samples and spec ads.

## Education

1/9 2020 - 30/5 2024

**Economic School** – *Economic Technician*

**I finished school by the all deadlines without any delays!**
